 - The rules on scoring were clarified, in particular that no arrow should be withdrawn from the whole buttress until all the arrows have been scored (particularly relevant indoors) and more detail on what an Organiser should do if an alteration has not been signed by a Judge or if the addition is wrong

 - Recurve, if both archers shoot a 10 (including an X) then they automatically shoot another arrow. The winner is then decided by the arrow nearest the middle (if both the same distance then shoot again).
