I agree that my results from this entry may be used in the SCAS Green Book (Annual Report) regarding this SCAS tournament and it results.	Signature	(Parent / Guardian, if under 18) Name:	

GDPR: By entering this SCAS (Southern Counties Archery Society) tournament, the information provided on each entry form will be collected and stored by The SCAS Tournament Officer. This data includes Name, Gender, Bow Style, Age Category, Round to be shot, Archery-Related Disability information, Postal Address (if provided), Email address (if provided), Telephone number (if provided), Archery Club, Archery GB Membership Number. This data will not be used by, sold or transferred to anyone other than the Tournament Officer of SCAS. This data will not be used for anything other than notification of future or SCAS shoots, tournament results in SCAS green book (annual report) and all related correspondence. An individual may request to see personal data held about them and/or request to be "forgotten" by making a request to secretary@scasarchery.org.uk. Contact details will be held for one year, results will be held indefinitely by SCAS for historical purposes and may be published in the SCAS Green Book (Annual report).

Prospectus inc Terms and Conditions of entry

Disabled Categories:

Please note that competition categories might be combined at the discretion of the tournament organiser, where the number of entries is particularly low.

Open categories: Archers with any type of disability, in separate categories for each of the specified bow-styles – bow-styles are as defined in the ArcheryGB Rules of Shooting.

ARW1/ARW2: A single competition category for archers of either of these disability classifications, shooting any accepted bow-style. Note that compound bows in this category are limited to 35lb peek draw weight for ladies and 45lb for gentlemen; they cannot have either a peep-sight or scope, but can be shot with a release aid.

Visually Impaired: Archers with a **B1 sight classification** must wear blackouts from setting up any equipment until the end of the competition. Archers in the **VI 1** Shooting Category will aim using a tactile sighting device s. Archers in the **VI 2/3** Shooting Category will aim/sight using a tactile sighting device complying with the relevant rules.

Simple Guide to Para-Archery Classifications: The following definitions are taken from the 'IPC Layman's Guide to Paralympic Classification'. Further guidance is also now available from the 'Para-Archery' section of the World Archery website, following transfer of responsibility to them during 2012. **Archery Standing (ARST):** The sport class ARST includes athletes competing in a standing position and those who require some form of standing support because of poor balance. They either have a leg-length difference, limb deficiency or impairments that also affect their arms and trunk. **Wheelchair 1 (ARW1):** Archers in this sport class compete in a wheelchair because their impairment includes the loss of leg and trunk function. Also, their arms show a loss of muscle strength, co-ordination or range of movement. For example, one condition that might fit this sport class profile is tetraplegia. **Wheelchair 2 (ARW2):** Similar to archers in the sport class ARW1, archers in this sport class have a strong activity limitation in their trunk and legs and compete in a wheelchair. Their arms however, show normal function. This profile would likely apply to paraplegic archers.

Photography: In line with Archery GB policy, anyone wishing to take video or photographs during the event must register their details with tournament organiser. If parents/carers have any concerns about their child/young person being photographed or filmed they should notify the organisers.

Drug Testing; Record status shoots are liable for Drug Testing. Any competitor approached to give samples for testing **MUST** comply. If they refuse, that refusal will be treated as a positive result. Where an entry form contains one or more junior entries, the parent or legal guardian must countersign the form to signify that they consent to their child being tested if approached. Failure to countersign the form in this way will make the entry unacceptable in respect of that junior unless a parent or **LEGAL** guardian is attending the shoot.

GDPR Information: By entering this **SCAS (Southern Counties Archery Society)** tournament, the information provided on each entry form will be collected and stored by The SCAS Tournament Officer. This data includes Name, Gender, Bow Style, Age Category, Round to be shot, Archery-Related Disability information, Postal Address (if provided), Email address (if provided), Telephone number (if provided), Archery Club, Archery GB Membership Number. This data will not be used by, sold or transferred to anyone other than the Tournament Officer of SCAS. This data will not be used for anything other than notification of future or SCAS shoots, tournament results in SCAS green book (annual report) and all related correspondence. An individual may request to see personal data held about them and/or request to be "forgotten" by making a request to secretary@scasarchery.org.uk. Contact details will be held for one year, results will be held indefinitely by SCAS for historical purposes and may be published in the SCAS Green Book (Annual report).

The GDPR statement can be changed to reflect your County or Club etc.
