Target Archery

Chapter 13

Order of Shooting and Timing Control

13.2 At World Championships, Archery World Cups and other major International Competitions:

Version of 2020-10-01

13.2.2 In the Team Event (both teams shooting at the same time):

- *The left/right position for matches shall follow the match play chart. The team on the top line of each pair (of the chart) shall shoot on the left hand side of that match. The target allocation for each round of the competition is the choice of the organisers;*
- *Both teams shall start each end of their match with the athletes behind the 1m line. The first athlete may only cross the 1m line when the Director of Shooting has given the signal to start the match;*
- *The athletes in the team shall shoot two arrows each in an order of their own choosing;*
- *One athlete shall occupy the shooting line, while the other athletes remain behind the 1m line. No more than one athlete at a time shall be in front of the 1m line;*
- *Wheelchair athletes may stay on the shooting line throughout the match. They indicate that they have finished shooting by raising a hand above the head (see [21. Chapter 21-Para-Archery](#));*
- *When moving forward to shoot, athletes shall not remove their arrows from their quivers until they are on the shooting line;*
- *In compound team matches, athletes shall not hook their release aids on the string until they are on the shooting line and the signal for shooting has been given. Once the athlete is on the shooting line and the signal for shooting has been given, the release aid may be hooked either before or after the arrow nocked on the string. This restriction shall not apply to Para Athletes whose classification permits a mouth release which is permanently attached to the string;*
- *Violations of the Team Event rules shall be handled according to [15. Chapter 15-Consequences of Breaking Rules](#).*

Chapter 14

Scoring

14.5 In the event of a tied score, the ranking of the results shall be determined in the following order.

14.5.2 For ties deciding the entrance to the Elimination Rounds, in Matches, or in the top 8 (in case of using Match play chart 1A and 1B, or Match Play Chart 5 - [Appendix 3-Match Play Charts, 1. Match Play Chart 1A \(104 athletes, byes are permitted\) in Book 2](#) or [Book 2-Events in Book 2](#)) there shall be shoot-offs to break the ties (the system of the number of 10's and X's (9's for indoors) shall not be used):

Version of 2020-10-01

14.5.2.2 Individuals:

- A single arrow shoot-off for score in Indoor and Outdoor;
- For all individual shoot-offs in Outdoor target events, if both athletes score a 10 (recurve, barebow and W1) or X (compound) on their first shoot-off arrow, then the shoot-off would be considered a tie and a second shoot-off arrow will be needed to resolve the tie;
- If the score is the same the arrow closest to the centre of the target face shall resolve the tie and if the distance is the same, successive single arrow shoot-offs, until the tie is resolved.
- If both athletes miss the scoring area of the target, both athletes will shoot an additional arrow.
