# Purpose of J05s

## Record of Shoots

- Keep a count of how many shoots you have done

## To improve your judging

- Effective feedback

## Giving Useful Feedback

1. Be specific – Focus on what actually happened during the shoot.
2. Be positive – Say what went well
3. Be constructive – We all want to get better, we just need to know HOW
4. Read previous JO5s – there's a reason we are supposed to hand them over at the beginning of the day

# Summary

Remember its about improving judging

Refer back to previous J05s

Writing a good J05 is tricky – delegate – it gives newer judges a chance to practise
